

The Future of Cruising... on the

Celebrity Cruises will be launching its brand-new ship, the EDGE in December 2018. The company that brought you modern luxury in cruising, has done it again.

Introducing a revolutionary new ship that's poised to change the way you experience the world – and a new class of ships designed to

shatter all expectations!

EDEN: Celebrity Cruises unveils a dramatic new venue on the EDGE.

EDEN spans three decks as the aft of the ship with almost 7,000 square feet of glass. In the morning, Eden is a chillful escape where yoga, a good book, or coffee and a croissant can be enjoyed with expansive views of the world. In the afternoon, Eden becomes more playful, with

hands-on entertainment, seminars and tastings to strengthen guests' culinary prowess, cocktail-making skills and wine knowledge. In the evening, Eden transforms into a fusion of performance art, culinary exploration and nightlife – like nothing else at sea. The Library of Plants towers 18 feet above the Eden bar, and offers its bounty of fresh ingredients and garnishes for hand-crafted, artisanal cocktails.

MAGIC CARPET: Another revolutionary

addition to cruising is the Magic Carpet that will transport you to a new experience with each deck. It is a platform cantilevered to the side of the ship and serves as an embarkation area for tenders on Deck 2; a dining venue (Dinner on the Edge) for 99 people when positioned on Deck 16; an extension of the pool area when on Deck 14; and an extension of onboard restaurants when on Deck 5.

TRAVELING SOLO?: There are 918 EDGE staterooms with Infinite Verandas and 16 OF THESE ARE SINGLES, a first for Celebrity.

This brilliant innovation gives you open-air access to the sea whenever you wish. With the touch of a button, blur – or even erase – the boundaries between inside and outside living spaces.

BE THE FIRST AMONG YOUR FRIENDS! The EDGE will home port in Fort Lauderdale and begin sailing the Eastern and Western Caribbean. Why not combine an Eastern and Western voyage and extend your awe-inspiring cruise and give yourself an experience filled with uniqueness and sophistication that will leave you with memories for the rest of your life?
